

ARTIST SERIES GIRLS LIKE BOYS GRENACHE ROSE

The Rose label was designed in partnership with the Helpmann Academy when the opportunity was presented to an emerging young artist to have their artwork on the label of our new Grenache Rose. The inaugural winner was University of South Australia graduate, Imogen Porteous. The Helpmann Academy and Portia Valley Wines are very excited to continue working on our "Artist Series" wine label.

A pale colour, with a balance between fresh strawberry and zesty lime, it is very much based on the style that matches with an Australian summer.

The fruit was hand selected by our winemaker and specially selected for our Grenache Rose. The quality of Grenache grape was pivotal, as it had to preserve a full intensity and complexity of flavours while containing the dryness and delicacy of structure the wine now has.
